Institute Starts School Season For Upland

Everything was reported in readiness today for the start of classroom activities in the Upland schools and on the Chaffey campus Monday morning. All other schools in the area do not start until Sept. 17.

Institute sessions are underway in Upland, as a prelude to the opening of school, which will receive the highest number of students ever recorded in Upland and Chaffey schools.

Upland and Chaffey schools open Sept. 10. In Ontario and other districts, Cucamonga, Etiwanda, and Alta Loma, school opens Sept. 17.

Yesterday the Institute heard Rev. J. Whitcomb Brougher, Jr., widely known pastor of the First Baptist church of Glendale. He spoke on the subject "Your Student Is My Child."

Dr. Louis Thorpe, professor of Educational psychology at the University of Southern California, addressed the second session concerning "Safeguarding the Personality of Children in the Classroom."

Final session today will hear Helen Cowan Wood speak on the subject "How Good Should Our Schools Be?" Mrs. Wood is assistant to the state superintendent of public instruction.

Faculty meetings for all three Upland schools will also be held today with the schools slated to open with full day sessions Sept. 10.

Miss Brown, principal of Upland elementary school, would like to have parents of first grade pupils take them for classroom assignments tomorrow in order to eliminate first day confusion.

Early registration of newcomers is being urged for all schools.

Freshman day will be held tomorrow at Chaffey, and all students new to the college are to be present on that day. Assemblies and a trial program run are scheduled to let students get acquainted with the routine.

TWO TEACHERS EMPLOYED

Mrs. James V. Latimer, Drake avenue, will be a second grade teacher in the new Sierra Vista school and Donald Shattuck will direct the students' testing program and work in the field of guidance and counselling.

These two new members of the Upland school faculty were employed yesterday by Superintendent Harold W. Cook. Mrs. Latimer, wife of Dr. James V. Latimer, is a graduate of St. Olaf college. Mr. Shattuck has been working on his master's degree in psychology at Pomona college for more than a year. He is a graduate of North Texas State Teachers college.

Keeping Up -- With Uplanders

WATCH LEON

Many people are going to be watching Leon Sellers. That is, if they are at all athletic-minded, Uplanders are going to be interested in seeing how the former Chaffey football star fares in the big battle for places on the U.S.C. eleven.

The Uplander, son of Mrs. Nita Sellers, 455 South Campus avenue, is a sophomore and at present is about in third place among Trojan fullback prospects. It isn't very often one so close to home is among the top coast grid players.

NO CRASH VICTIMS

Death corner didn't catch any victims over the weekend. The motorists' battle ground, Foothill boulevard and Euclid avenue, saw a record number of cars but no bad accidents. Upland policemen, patiently and tirelessly, observed the motorists and their eagle eyes were an important factor in the crashless holiday.

SCHOOL OPENING

There is a little irony in the local school situation—or maybe just a break for some of the Upland youngsters. Part of the local students are going to school Monday morning and part of them not until next Monday.

The Santa Fe right-of-way is the dividing line. The area south of the Santa Fe is in the Ontario school district and classes start there Sept. 17. North of the tracks is in the Upland school district and classes start next Monday.

The Edison school in the Ontario district serves Upland youths.

In any event, Upland school teachers are here, families are back from their vacations and the fair will start soon.

Grape Festival To Attract Throngs

Cucamonga opens the Grape Festival today in the midst of food, frolic, purple and gold streamers throughout the community, and streets full of costumal people.

Old Spanish and western costumes are the style for the day, and for the weekend, blending into the theme of 100 years ago when the first vines were planted and harvested.

One hundred-years ago California was just fledgling of a state, and was not treated with much concern ohtre than the gold strike in the northern part of the state.

SEE PRODUCTS

So fertile was the southern land that one harvest led to another and larger one, and built up in volume until now the vineyards are known everywhere. The Grape Festival gives people a chance first hand to view the products.

Twelve different booths are set up for the displays, and six food booths, operated by the various service clubs, are providing refreshments for the crouds.

The festival is being managed by a committee headed by Paul Adams. He predicts great success for the event.

The grape display is the center of the vivid program, illustrating the products from the local growers, presented in varied themes that provide the historical background of the community.

The grape display is the largest in the country, the result of weeks of planning and work. It is the most elaborate presentation of vineyard products to be offered anywhere.

Work on the booths was started Sept. 1, and completed by volunteer workers.

Merle Whittaker and Clifford Chappell, were in charge of this construction work, and deserve much credit for the success of the preparations.

ARRANGING PARADE

James Orsburn, principal of Cucamonga Central school, is arranging for a youth parade to be held Saturday, Sept. 8, which will include pets and hobbies of the youngsters.

Exhibits chairman is Robert Filpi, who is assisted by Frank DeAmbrogio, Mike Carrari, Ben Woodward, Frank Misretta and Art Stoefen.

WELL ADVERTISED

The festival has been well publicized by H. O. White, who has made radio and telivision appearances along with Lynette Hogancamp, queen of the fair, and Joann Brooks, Jeannie Campos, and Terese Campos.

The wine display houses the wares of 18 different wineries, and has 12 different varieties from each one. A display for the wine institute is similiar to one which will be at the Los Angles county Fair.

Upland Exchange club "Freedom Shrine" documents are on display at the Cucamonga Service club booth under the supervision of Robert Swayne.

The Service club requested the documents following termination of the display at J. J. Atwood., in Upland.

Increasing support of the festival is evidenced by the attendance for the past two years.

The 1950 attraction drew twice the number of people who saw the previous show. Predictions are for this year to surpass all other presentations. And managers of this year's festival predict more local residents than ever before will witness the affair.

Festival Royalty—Queen Lynette Hogancamp (right) and three of her court of princesses who will reign over the Cucamonga District Wine and Grape Festival in Cucamonga September 7-9. They are shown picking the first ripe grapes of the harvest season. Tons of free grapes will be given the festival visitors. From left to right Joanne Brooks, Teresa Campos, Jeannie Campos and Queen Lynette.

Cucamonga welcomes all the southland at the annual Grape Festival which opens today and continues through Sunday. It is a community project and hundreds of residents in the Cucamonga-Alta Loma district are serving as hosts and hostesses.

Paul Adams is general chairman of the week-end program.

Child Struck In Parking Lot

Two year old Anthony Alvarez, 805 Monte Vista, Upland, went looking for his "mommy" in Walker's market parking lot and ended up being treated for cuts and bruises at the San Antonio hospital.

The child, son of Mrs. Vera Alvarez, had been left in the car, in charge of his older sister, but apparently had gotten out, and was struck by a car belonging to Mrs. Madeline Musser, of 1222½ East Ninth street.

Mrs. Musser was not aware she had struck the child until she saw him in the rear view mirror, and realized hers was the only car moving out of the lot at the time.

The boy's mother was contacted immediately, and the child taken to the hospital.

As the result of changes on the P.E. rail service due to freeway construction in Los Angeles, express packages will be brought to this area from Los Angeles by bus. At present the P.E. freight line brings them to Upland and the parcels are delivered through the Ontario Express office.

Fred E. Draper was among those in attendance at the convention of the American Numismatic association in Phoenex, Ariz. last week.

New Signal Due Soon; Police Aid Traffic Flow

In the face of a confusing traffic signal situation and in the midst of the biggest traffic flow in the city's history, Upland police won the commendation of motorists for their efforts on Foothill boulevard at Euclid avenue over the holiday weekend.

State highway officials insisted that no change be made in the temporary signal arrangement to cope with the traffic jam and so the local officers took the situation in hand. The result was only slight dents in a few fenders.

Councilmen E. Tweed Stone and Donald Carr, members of the police committee conferred with policemen late last week to plan for the traffic control over the Labor day holiday.

At peak traffic periods two police cars were parked on Foothill some distance from Euclid. Officers also posted themselves along the traffic flow and the presence of the men and the car was a quieting factor in the flow of traffic.

The outlook is bright, however, for an early installation of the three-phase system of traffic signals at the intersection.

Elwin Alder, acting city manager, said assurance has been given that arrival of a vital part in the new system is expected momentarily. Once this item is here, the installation can be made and the new system placed operation.

The new system is expected to clear up the confusion of the former two-way plan. The new system will at one time permit a free flow of east-west traffic. Later only the south-bound traffic on Euclid will advance and in the third phase only north-bound traffic will move.

Will Use Sierra Vista Cafeteria

Cafeteria at the new Sierra Vista school will be operated with the start of school next Monday.

Parents of children going to the school on Fourteenth street were advised in an announcement by Superintendent Harold W. Cook that the caferteria will be used for the first time next Monday.

"It's continued use after a temporary trial period will depend upon how much it is patronized," Mr. Cook said. The Upland board of education recently voted to operate the cafeteria and thus determine if its services were sufficiently in demand.

Mrs. Everett Robinson, 1940 North Benson avenue, will be the new manager and cook, assisted by Mrs. Lewis Fuller, 2445 North Mountain avenue.

When the new school building was first used earlier this year, the cafeteria was not put into operation. Since the equipment is available and since many requests for its use have been received from parents the decision was reached to open it with the start of classes for the new year.

Mr. Cook emphasized that if enough students use it the cafeteria will be continued and that if the operation is not properly patronized the service will be dropped. Emphasis was placed on the fact that the cafeteria will be in use Monday noon, on the first day of school.

As customary, the cafeteria will be in operation at the Upland Elementary school Monday. Mrs. B. M. Pace will continue to be in charge of the noon-day service.

TWO HURT IN OIL FIRE

An exploding fire extinguisher injured one workman at a Scheu Products Co., paint booth fire, and use of a second extinguisher too close to the flames brought burns to another man in a fire at 3:30 p.m. yesterday.

Denver Houser, 428 East D street, Ontario, received a severely lacerated forehead when a new emergency extinguisher exploded as he attempted to use it. "I had tipped the extinguisher," he explained, "and pointed it towards the fire. Nothing came out the hose, but foam sprayed out from under the circular handle, and I put it down and moved away. It exploded before I was a safe distance, and it hit me."

In exploding, the core of the extinguisher shot out of the casing, struck Mr. Houser, and continued to the ceiling. Foam spray from the cylinder covered his face and arms. He washed up, and remained until the fire was thoroughly extinguished, then was taken to San Antonio hospital.

Tony Flores, 402 East Nevada street, Ontario, was burned during the first stages of the fire, when he was using special equipment maintained until automatic equipment can be installed.

In attempting to properly counter the fire, Mr. Flores was singed and burned about the face and arms. He was immediately taken to San Antonio hospital.

A similar fire July 6 caused $4,500 damage. At that time they did not have a drainage system for the booth, but this has since been corrected.

The fire was extinguished by the Upland Fire department.

Signals Cause Accident Again

Grove avenue was the location of the latest Pacific Electric versus auto accident. A car driven by Neoma Daniels of 729 East E street, Ontario, collided with a P.E. train emerging into the street. The accident occured Saturday.

The car was progressing south on Grove, and the P.E. train was heading east. As the train emerged into the intersection, the car collided into the side, and was dragged by the train to the east side of the street. The front end of the car was severely damaged

Persons involved in the accident claim the signals were not working at the intersection.

A police department check taken shorty after 11 o'clock reported that signals were apparently not working at First, Second, and Third avenues.

Three More File Protests In S. A. Water Plan

Three more protests against issuance of more capital stock by the San Antonio Water Co. have been filed with the state corporation commissioner and these and other protests will be discussed at a public hearing in Upland probably sometime in November, according to Irving Fields, deputy commissioner.

Having protests on file now are J. M. Nisbet, H. S. Hoard and John A. Andreas, in addition to Arthur Pehl, the first objector, Mr. Fields said.

He has set Sept. 17 as the deadline for accepting additional protests unless a further extension is granted.

He said the city of Upland had asked for an extension pending completion of an engineering survey.

Mr. Nisbet, Mr. Andreas and Mr. Pehl were directors of the water company until the annual election in March. At that time there was an issue as to whether the S. A. should acquire the Euclid Water Co. and to issue capital stock to pay for the investment.

Of special interest will be the announcement by Mr. Fields that the public hearing will be held in Upland, "if possible." He explained that the hearing will be held after the S. A. Co. officials have had time to study the protests and after the office of the commission has become familiar with all available facts in the question.

Captain Henry Younge and Acting City Manager Alder joined in writing a letter of commendation to the police reserves who were called upon to aid in the weekend emergency.

A reception was held in the church parlors, after which the bridal couple left on a honeymoon trip to the Grand Canyon. After September 10 they will establish residence on the Pomona college campus, and both will be part-time students. Special Meetings

Upland Church of the Nazarene will conduct special meetings between Oct. 10 and Oct. 21, with Rev. Samuel Sparks speaking.

The Little Cathedral of the Foothills was the setting for one of the lovliest weddings of the season Sunday afternoon when Miss Muriel Lavonne McLellan, daughter of Mr. and Mrs. Hugh Lewis McLellan, 2445 Euclid Crescent East, San Antonio Heights, became the bride of Fred Harold Bullis of San Francisco.

The bridegroom's parents are Mrs. Vera Bullis of San Francisco and John Herbert Bullis of Seattle, Washington.

Some 250 relatives and friends witnessed the double-ring ceremony performed by the Rev. Robert P. Price, church pastor, at 3 o'clock.

Decorating the chancel were two large baskets of white gladioli, chrysanthemums and blue asters, with potted palms. On the altar were two small bouquets of the same flowers and sprays of white gladioli marked the front pews. Blue cathedral candles in the seven-branched candelabra softly illumined the scene.

As the guests were assembling, Mrs. George Cassell, organist, gave a prelude of appropriate music, and accompanied the vocalist, Henry B. Dahms of Los Angeles, who sang "Through the Years," "The Lord's Prayer" and "How Do I Love Thee" (Lippe). She also played the traditional wedding marches for the entrance of the bridal party and the recessional.

The lovely bride, given in marriage by her father, was gowned in a white eyelet organdy redingote over white taffeta, fashioned with fitted bodice, cap sleeves and mandarin collar, and full skirt with peplum. She wore long gloves of eyelet. Her fingertip veil of French illusion was held in place by a coif of lace decorated with seed pearls. She carried a bouquet of white carnations centered with a white orchid.

Miss Carroll McLellan attended her sister as maid of honor. Her ballerina length dress of white eyelet organdy over royal blue taffeta was styled with fitted bodice and Peter Pan collar, and full skirt. She carried a bouquet of blue carnations with royal blue satin streamers.

The bridesmaids were Miss Marian McLellan, another sister of the bride, and Miss Jean Collins of Plattsmouth, Nebraska, the bride's roommate at school. Their white eyelet organdy gowns over light blue taffeta were fashioned like that of the honor attendant's and they carried blue carnations with light blue streamers.

Miss Rilla Stickney and Miss Margie Dahms, both in pink formals, lighted the candles before the ceremony.

James Bullis of San Francisco served his brother as best man, and ushering the guests were Leonard Bullis of Lafayette, another brother of the bridegroom, and Thomas McLellan of Concord, brother of the bride.

The mother of the bride was gowned in navy blue crepe with dusty rose accessories, and a corsage of gardenias and pink roses. The mother of the bridegroom chose a gray print crepe dress with dusty rose accessories, and a corsage of gardenias and pink roses.

Following the nuptial rites, a reception was held in the church parlor and patio. After the newlyweds had cut the first slice of the three-tiered wedding cake, which was topped with a wedding bell and lilies of the valley, Mrs. James Bullis and Mrs. Leonard Bullis continued the cutting and serving. Mrs. Wesley Davison (Phyllis Rogers) of Monrovia and Mrs. Eugene Wiseman (Joanne Cassell) presided at the punch bowls, and Mrs. Thomas McLellan had charge of the guest book. Others assisting were Miss Margaret McCann of Berkeley, Miss Joan Needham of Whittier and Miss Judy Moffitt of Upland.

When the bride and bridegroom left on a honeymoon motor trip to Lake Tahoe, the new Mrs. Bullis had donned a beige gabardine suit with navy blue accessories. After September 9, the couple will be at home to their friends at 371 Marston avenue, San Francisco.

A native of Upland, the bride is a graduate of both Chaffey high school and Chaffey college, where she served as president of the Associated Women Students and as student body social chairman. In June she was graduated from the University of California Medical Center in San Francisco, and beginning the latter part of this month she will work as a graduate nurse in the University of California hospital.

A graduate of Balboa high school and San Francisco City College, Mr. Bullis now is a pharmacy student at the University of California Medical Center, San Francisco. He is affiliated with Kappa Psi fraternity, American Pharmaceutical association and is in R.O.T.C.

—Photograph by Gordon Ayres

In a beautiful wedding held Saturday afternoon in the Little Cathedral of the Foothills, Miss Cornelia Van Dorin, daughter of Mr. and Mrs. Cornelius Van Dorin, 100 Red Hill drive, Red Hill, exchanged vows with John Wright Booth, son of Mrs. Myers L. Booth, 325 Bronwood, Westwood.

The Rev. Robert P. Price, pastor, read the single-ring service at 4 o'clock in the presence of some 250 relatives and friends.

Large baskets of white carnations and gladioli, flanked by candelabra, provided an attractive background for the bridal party. Sprays of gladioli marked the pews.

Preceding the ceremony, Mrs. George Cassell, organist, gave a program of nuptial music, and accompanied the vocalist, Miss Susan Booth, sister of the bridegroom, who sang "Because." She also played the traditional wedding marches.

Given in marriage by her father, the bride was lovely in a gown of French chantilly lace and Swiss organdy. The sleeves and yoke of the bodice were of lace, and panels of lace extended down the skirt. Her fingertip silk illusion veil was edged with lace. She carried a bouquet of white carnations centered with a white orchid.

Mrs. Stanley Hendy of San Bernardino attended her sister as matron of honor. She wore a gown of aqua Swiss organdy and carried aqua carnations.

Bridesmaids were Miss Jo Anne Bybee of Idaho Falls, Idaho, Miss Jacquelyn Weybright of Ontario, and Miss Mary Booth of Westwood, sister of the bridegroom. They wore identical gowns of yellow Swiss organdy in design similar to that of the bride's, and carried yellow carnations.

Sally Van Dorin, niece of the bride, in a peach Swiss organdy frock, was the flower girl, and another niece, Nancy Van Dorin, lighted the candles. Her dress was of ice green Swiss organdy.

William P. Blanchard of Westwood served the bridegroom as best man; and ushers were Bill Martin, Dave Fowler and Bob Mooney, all of Westwood and all fraternity brothers of the bridegroom.

A reception at the Van Dorin home followed the nuptial rites. Mrs. Van Dorin received guests in a gown of aqua lace and tissue faille, complemented by a corsage of white and aqua flowers. The mother of the bridegroom chose a pink crepe gown with a corsage of pink and white blossoms.

After the bridal couple had cut the first slice of the four-tiered cake according to tradition, Mrs. G. F. Weybright and Mrs. C. A. Shoemaker continued the cutting and serving. The Misses Marcheta Harrington and Nancy Brown presided at the punch bowls. Miss Mary Margaret Freeman circulated the guest book.

When the couple left on a honeymoon, the new Mrs. Booth was wearing a grey wool suit with red accessories. They will make their home in Westwood.

Council Divided On Hiring Of Water Engineer

Everett Clark, Los Angeles engineer, is making a survey of the San Antonio Water Co. and the Euclid Water Co. at the cost of $100 a day, plus expenses.

Results of his survey, scheduled to be completed this week, will be presented to the Upland city council for consideration and an aid in deciding how to vote on the long discussed matter of the S. A. Water Co. acquiring the Euclid Water Co. The city is a large S. A. Co. stockholder.

By 3 to 2 vote, on the council Mr. Clark was engaged to make the survey. Mayor Eugene G. Nisbet, E. Tweed Stone and Don Carr supported employment of the engineer for the survey. Robert Thrall and Vernon V. Paine opposed the expenditure on the ground that it was unnecessary and contended that all the information that could be obtained by the engineer in a limited survey is already available.

Action was taken by the councilmen at last Thursday's specially-called meeting.

Mayor Nisbet explained that previously the council (by a divided vote) had agreed to engage an engineer to make a survey. He asked Acting City Manager Elwin Alder to report on the available men. Names of Mr. Clark and W. P. Rowe, the latter of San Bernardino, were considered. Mayor Nisbet and Mr. Alder interviewed Mr. Clark and Mr. Alder and City Attorney Henry M. Busch discussed the matter with Mr. Rowe.

Mr. Thrall declared that well production records were available from the two companies and he questioned the need for expending the money for an engineer. He pointed out that City Manager, Richard G. Manley was qualified to make a check of the wells if that were necessary.

Mr. Paine urged a survey by Mr. Manley now and then employ an outside engineer later if that was deemed necessary. Each of the councilmen who voted "no" emphasized the expenditure was unnecessary.

The three other councilmen pointed out that employment of outside engineers on occasion in the past has proven a good investment for the city. They also pointed out that Mr. Manley is a Euclid Water Co. stockholder and that he had personally asked to be disqualified in obtaining figures on the matter.

Mayor Nisbet emphasized that if the engineer's report is favorable to the protested water company transaction he will accept the decision. If the report is negative, the city council may authorize filing of a protest with the state corporation commission and seek to prevent issuance of additional S. A. Water Co. stock, which would block the transaction.

Labor Day Fire Extinguished

Business Firms Aid In Beautification

Many Upland business firms are going to encourage the city-wide beautification program, Mrs. Dorothy Gardner reported yesterday.

Boy Scouts, who volunteer to help out on local projects, will be rewarded with a free gift at local stores. Mrs. Gardner reports complete cooperation with merchants in the plan.

Scouts will maintain various local plots on public or semi-public property in an effort to maintain a more attractive city. Mrs. Gardner reported a contribution from Mrs. A. L. Weber for use in the beautification program.

Upland was incorporated as a city in 1906.

$5,405,100 Is Cost of Entering Water District

Chino Basin Municipal Water district users will be asked to make 30 equal annual payments totaling in all, $5,405,100 as a condition of annexation to MWD, according to O. S. Roen, President of Chino basin district.

Mr. Roen explained the amount was equitable with annexation terms for other districts, and will put them on an equal footing with current members.

In the annexation, Chino Basin Municipal Water District will maintain individual identity, buying water in quantity and handling the sale and billing.

The same five page resolution which set the terms also recommended Tuesday, Oct. 16, as the date for the election to annex Chino Basin to MWD. Approval at the election will permit consolidation to begin Feb. 1, with the first payment on the annexation charge counting for the fiscal year 1951-52.

Payment of the annexation fee will necessitate a tax assessment of 25 cents per hundred dollar valuation each year.

Metropolitan water district will make available to Chino basin district $360,000 for laying lines in the district, to be paid as it is used.

A "Water budget" will be compiled each year, specifying the needs for the ensuing year. This will be submitted to the MWD, so it can plan the overall budget.

NO DEFROSTING... Anywhere! Any Time!

See the only refrigerator that COUNTS—Westinghouse FROST-FREE. It counts door openings, because door openings let in warm air which causes frost to form.

At every 60th door opening, FROST-FREE automatically defrosts itself, automatically evaporates the water!

Westinghouse FROST-FREE is the *only home-proved* completely automatic refrigerator . . . the only one that defrosts *exactly* when and *only* when defrosting is needed. See it and other Westinghouse Refrigerators today.
